PRESCHOOLERS**

**FINDING
YOUR CALM**

**LACTATION
LOUNGE**

Infant Time - A place to gather and engage with other families. Interactive program sets a solid foundation for learning. Songs, stories and sensory to foster growth and development.

Curious Preschooler – A children’s program that provides opportunities to build confidence, independence and make new friends in a group setting. This program is for children starting school in September

Adventures in the Park-
Join us with the Orangeville Library for a new adventure each week. Sometimes we have special guests

Lactation Lounge – A place to gather, ask questions and receive support for all your “Milky” matters

Forest Explorers- A nature immersive approach that encourages child led exploration and development of physical health, mental renewal, cognitive and social skills

Finding Calm - Exploring ways to help your children connect with their inner self and find calming strategies to help get through hard moments

Stroller Walk - Join us to walk with your stroller, while chatting about any issues, asking questions with our facilitators. Also, a great way to meet other families.

Preschool Time- Child program that provides opportunities to build confidence, independence and make new friends in a group setting.

Outdoor EarlyON - is designed to offer thoughtful play experiences for all children 0-6 and families together

Toddler Time - A place to gather and engage with other families. Interactive program sets a solid foundation for learning. Songs, stories to foster growth and development.

Words and Water - Singing, Splashing and Connection in the pool! For children between 6 months and 14 months. This program focuses on repetition while stimulating all the senses in the infant brain which helps with brain development and literacy skills

Virtual Programs - Join us on Zoom for various programs while you stay in the comfort of your own home
