

**Notice of Study Completion**  
**Schedule 'C' Municipal Class Environmental Assessment Study**  
**Dufferin County Road 109/ 2<sup>nd</sup> Line Realignment, Dufferin County**

**THE STUDY**

Dufferin County has completed the Schedule 'C' Municipal Class Environmental Assessment (MCEA) Study that considered potential solutions to realign Dufferin County Road 109 and 2<sup>nd</sup> Line (Amaranth). 2<sup>nd</sup> Line is proposed to be realigned as the fourth leg of the Dufferin County Road 109 and Dufferin County Road 3 intersection. This realignment could precipitate a domino effect of impacting other intersections, namely the intersection of Dufferin County Road 3 and Dufferin County Road 23, which is less than 100m south of the Dufferin County Road 109 and Dufferin County Road 3 intersection. The project looked to better understand the broader traffic impacts of the realignment and to confirm the best solution(s) for the study area.

**THE PROCESS**

This MCEA process followed the planning and design process for Schedule 'C' projects as described in the MCEA Document (October 2000 as amended in 2007, 2011, 2015, and 2023), which is an approved process under the *Ontario Environmental Assessment Act*.

Dufferin County has prepared an Environmental Study Report (ESR) documenting the planning, consultation efforts, decision-making process and the recommended plan. By this Notice, the ESR is being placed on the public record for a 30-day review period in accordance with the MCEA, beginning **March 21, 2024**. An electronic copy of the ESR can be reviewed and downloaded at [www.dufferincounty.ca/MCEA](http://www.dufferincounty.ca/MCEA). The Report can also be found at the below review location:

In addition, a request may be made to the Ministry of the Environment, Conservation and Parks for an order requiring a higher level of study (i.e., requiring an individual/comprehensive EA approval before being able to proceed), or that conditions be imposed (e.g., require further studies), only on the grounds that the requested order may prevent, mitigate or remedy adverse impacts on constitutionally protected Aboriginal and treaty rights. Requests on other grounds will not be considered. Requests should include the requester's full name and contact information for the Ministry.

Requests should specify what kind of order is being requested (request for conditions or for an individual/comprehensive environmental assessment), how an order may prevent, mitigate or remedy potential adverse impacts, and any information in support of the statements in the request. This will ensure the ministry is able to efficiently begin reviewing the request.

The request should be sent in writing by mail or by email to:
